

2023 ACA MEMBERSHIP GUIDELINES

REMINDERS

- Membership Drive deadline is June 30. All memberships must be postmarked by that date.
- If a member passes away, or a business closes, in your county during the previous year please alert the state office by June 1, so that membership goals can be changed. If not informed by June 1, the membership goal will not be changed.
- If a previously active member paid their dues within the last three years, they will be a renewal membership. If they have not paid their dues in 4+ years, they will be a new member.
- Designate the membership as active or associate. Only active members can vote and serve as officers.
- Verify that the member's information is present and correct: name, mailing address, phone number, and email address.
- Dual members will not be credited as a recruited signed by.

PROGRAMS

- Top Hand – Top Hand status can be reached by recruiting fifteen new members or thirty renewals. These memberships must come in with a specific signed by at the time of renewal/purchase. Top Hand recipients will receive their choice of a belt buckle, jacket, or convention registration.
- 110% - The county awards program will be 110%. For a county to be eligible they must meet at least four times a year and reach 110% of their previous membership year number, through any combination of renewals and new members. The county with the top percentage of renewals will receive \$500, and then all counties will split the remainder of the budgeted \$5,000.
- Priefert S0191 Chute Recruitment – A drawing for the chute will occur at the ACA Annual Convention. To be entered members must recruit ten members for one entry. After the initial ten recruits, one entry will be granted for every additional five members recruited thereafter.
- ACA New Associate Membership Incentive – A drawing will occur for an ACA Media package valued at \$5,000 at the ACA Convention for all new associate members. A new associate member is any member never associated with the ACA previously or any existing member that increases their associate membership.
